Total project budget: \$

Type of support

(dropdown selection)

Program area

(dropdown selection)

Please describe the proposed work and the factors that make this work a priority now. (For example, an emerging issue, ongoing issue, increased community need, event or pilot opportunity)

(Pre-filled from EOI)

(Max 500 words)

Who else is supporting this work? (Please outline any funding partners, delivery partner, delivery partners, collaborators, or other organisations involved, including the type and value of any financial, in-kind, or service contributions where known.)

(Max 200 words)

Please detail the expected outputs and associated outcomes from this work. (Please describe the key activities, services, and deliverables, and the changes or benefits you expect these will create for participants, communities, or other stakeholders.)

(Max 500 words)

Population served	(dropdown selection)
Geographical area served	(dropdown selection)
State	(dropdown selection)
Local Government Area (LGA)	(dropdown selection)
Age group	(dropdown selection)
Ethnic and racial group	(dropdown selection)
Family and relationships	(dropdown selection)
Gender	(dropdown selection)
Health	(dropdown selection)
Social and economic status	(dropdown selection)
How does or might climate change intersect with your desired project outcomes? <i>(The pervasive nature of climate change means that it affects all areas of our lives – our health, livelihoods, food security, water supply, physical security, and economies. Please outline how climate change might affect your intended beneficiaries and intersect with your project activities or outcomes.)</i> (Max 150 words)	
How will the program address gender-based inequities? <i>(Explain how you have considered the different needs, interests, and circumstances of men and women. (e.g. cultural expectations, caring responsibilities, levels of education, greater social exclusion).</i> (Max 150 words)	

Objectives	
Please identify and describe the three most important objectives of this project. These objectives will help us understand what success looks like and will provide a framework for futures reporting if funding is approved. We understand that projects are dynamic and that objectives may evolve over time in response to changing needs or new opportunities.	
Objective 1	(Max 100 words)
Objective 2	(Max 100 words)
Objective 3	(Max 100 words)

Additional Documentation:

- You will need to upload your organisation's most recent financial statement.
- You will need to upload an itemised project budget (using the template provided or your organisations own itemised budget).
- The application form will also include an optional upload field for any additional supporting material you would like to provide.
